

Harnessing the power of **CONSENT**

Consent is one of the most important, powerful and legally necessary words in society going in thousands of directions with unique and inexhaustible potential.

Marketing Opportunities

Constitutional Action

The Declaration of Independence states that... governments derive their just powers from the consent of the governed... which is often unconstitutionally trampled upon these days. Consent is the foundation of all democracies and legitimate governments.

The Word Consent

Consent is one of the top key search words in legal matters. Consent is required in all legal forms, contracts, medical procedures and anything requiring a signature. There is no commonly acceptable alternative word for consent. The word used is consent.

More Opportunities

Opportunities for Consent.com also include drug and medical malpractice and assistance, major importance in all areas of criminal and civil law, the very large area of privacy, security, encryption, hacking, and the malicious destruction of one's reputation and solutions, both on and off the Internet. Also, new consent products will be developed.

Advertising Revenue

Consent.com will have high advertising revenue and affiliate marketing opportunities. Major online reputation and legal assistance firms have stated Consent.com would make an ideal affiliate partner with very large monthly potential.

Standards

Consent.com will have high ethical and moral standards. It will uphold all constitutional rights and values. Consent.com will be a force for good.

Internet Presence

Consent.com aims to become one of the most powerful, important, and influential sites on the Internet. If you share this vision or have other proposals, applications, or directions we may consider, contact us. Additional consent related domains listed below are available for use:
